this book invites the reader to expand their idea of esports as an independent niche and consider it an integral part of a growing multi and transmedia ecosystem that includes the global entertainment industry where music plays an essential role the

music present in and around esports games is an integral part of how they are communicated and mediated and as such holds a central role in binding their narratives cohesively and coherently to appeal to their audiences popular music theory is placed at the foundation of the issues raised in the chapters as it is taken as a cornerstone for linking the esports international scene with the music industry this text uses specific case studies from popular esports to support and illustrate each chapter including league of legends counter strike and fortnite this book will be of great interest to researchers and students in the fields of esports game design and development musicology and media studies

great is no longer good enough beyond great delivers a powerful new playbook of 9 core strategies to thrive in a post covid world where all the rules of the game are being re written beyond great answers to two fundamental questions which face business leaders today in a world shaped by daunting and disruptive technological economic and social change first what is outstanding performance in this new volatile era second how do we build competitive advantage in a world with new and often uncertain rules supported by years of research and hands on consulting practice this book presents a comprehensive framework for building a high performing resilient adaptive and socially responsible global company the book begins by taking an incisive look at these disruptive forces transforming globalization including economic nationalism the boom in data flows and digital commerce the rise of china heightened public concerns about capitalism and the environment and the emergence of borderless communities of digitally connected consumers distilled from the study of hundreds of companies and interviews with dozens of business leaders the authors have distilled nine core strategies the new winning playbook of the 21st century beyond great argues that business leaders today must lead with a new kind of openness flexibility and light footedness constantly layering in new strategies and operational norms atop existing ones to allow for always on transformation leaders must master a whole new set of rules about what it takes to be global becoming shapeshifters adept at handling contradiction multiplicity and nuance this book will show them how

the art fashion and wine industries are currently at various stages in their efforts to embrace and transition towards sustainability while sustainability commitments are a necessary condition for progress they are not sufficient instead there is a need for sweeping transformative change that includes giving serious consideration to

indigenous worldviews without recolonizing them sustainability in art fashion and wine includes findings from recent research and contributes to a new understanding of familiar concepts such as sustainability de colonization and corporate responsibility in the art fashion and wine industries by adopting critical lenses and incorporating them with innovative perspectives on circular business models and digitalization it endeavors to present remedies for effectively combating climate change and promoting social good while discussing specific issues such as sub contracted labor safe working conditions living wages environmental degradation mismanaged waste and more the book argues that recognizing the significant role western colonization has played and continues to play in the developing world in our current conception of capitalism is itself unsustainable to understand the true meaning of sustainability to fully recognize the looming deadlines we face in combating the climate crisis and instituting sustainability as a new normal the acceptance of a new conception of capitalism one antithetical to colonization and exploitation is required contributors to this book address these issues by applying a critical studies approach to their respective chapters allowing the book to set out what real sustainability could and should look like in the art fashion and wine industries

digital hyperconnectivity is a defining fact of our time the silicon valley dream of universal connection the dream of connecting everyone and everything to everyone and everything else everywhere and all the time is rapidly becoming a reality in this wide ranging and sharply argued book rogers brubaker develops an original interpretive account of the pervasive and unsettling changes brought about by hyperconnectivity he traces transformations of the self social relations culture economics and politics giving special attention to underexplored themes of abundance miniaturization convenience quantification and discipline he shows how hyperconnectivity prepared us for the pandemic and how the pandemic in turn has prepared us for an even more fully digitally mediated future throughout brubaker underscores the ambivalence of digital hyperconnectivity which opens up many new and exciting possibilities yet at the same time threatens human freedom and flourishing hyperconnectivity and its discontents will be essential reading for everyone interested in the constellation of socio technical forces that are profoundly remaking our world
