this is the first interpretive history of central america by a central american historian to be published in english anyone with an interest in current events in the region will find here an insightful and well written guide to the history of its five national states guatemala honduras el salvador nicaragua and costa rica traces of a common past invite us to make generalizations about the region even to posit the idea of a central american nation but as hector perez brignoli shows us we can learn more from a comparative approach that establishes both the points of convergence and the separate paths taken by the five different countries of central america the author offers a concise overview of the region s history from the sixteenth century to the present beginning with human and cultural geography in the first chapter and ending with the present crisis in the last he deals with the fundamental themes and problems of the area the characteristics of the colonial heritage independence and the crisis of the federal republic the formation of nation states during the nineteenth century and the development of export agriculture based on coffee and bananas the narrative moves finally into the twentieth century to look at the growing impoverishment that multiplies inequalities and leads to the shipwreck of liberal democracy the case of costa rica exceptional in more ways than one receives special attention

this book is a concise overview of the recent history of u s central american relations part of the contemporary inter american relations

series edited by jorge dominguez and rafael fernandez de castro it focuses on the relations between the u s and this region since the end of the cold war the volume considers economic relations between the two regions presenting pertinent information on the central american free trade agreement cafta it also looks at political issues such as military cooperation security issues the drug trade and organized crime democracy in the region and migration finally it concludes with an assessment of the direction us central american relations are taking at present moving beyond the black and white challenges of soviet domination in the region to address post 9 11 security concerns the united states and central america will be of interest to students and scholars of foreign policy latin american politics and politics and international relations in general

this is the second edition of what has come to be regarded as the best overall modern history of central america thoroughly revised and updated it includes the most recent developments in the region s ever turbulent history from the sandinista overthrow of the somoza dynasty in nicaragua to the continuing violence in guatemala and el salvador focusing on the long term historical patterns and the internal developments on the isthmus woodward skillfully integrates the histories of the five republics into a single coherent story of their shared past which has divided central americans as much as it has held them together the author is professor of latin american history at tulane university isbn 0 19 503592 5 19 95

although relations with central america dominated u s foreign policy with its southern neighbors during the 1980s relations with mexico will likely shape u s foreign policy in the next decade this book examines the troubled nature of the triangular link between mexico central america and the united states in order to understand the implications of u s policy for peace and development in the western hemisphere the book begins with an analysis of mexico s foreign policy and its historical role in seeking diplomatic solutions to volatile situations in

central america the authors then assess the probable impact on the region of increased economic integration particularly the u s mexico free trade agreement especially important in light of mexico s enormous debt and immigration issues special attention is also given to diplomatic aspects of the relationship with a focus on the process of negotiations to resolve conflicts in central america a lengthy epilogue offers critical commentary on key issues discussed in the text by such prominent figures as jesse jackson carlos vilas david ibarra and guadalupe gonzales

the essential guide to its societies politics and economies

central america is a divided land divided historically geographically racially politically and even culturally what then are the prospects for a central american common market or for realizing the objectices of the alliance for progress in this volume mario rodriguez presents a candid history of the five central american republics costa rica guatemala nicaragua el salvador honduras and of their neighbor panama he describes the region s colonial heritage and its history of foreign intervention its tradition of localism and opportunism its racial tensions and social inequities rodriguez juxtaposes success and failure in central america s quest for union and effective democratic institutions underlining the need for an imaginative constructive approach to this strategic link in the western hemisphere publisher

first published in chile in 1969 as interpretación del desarrollo social centroamericano this classic is now available in english the first attempt at an integrated analysis of modern central america s socioeconomic structure torres rivas s work traces the social development of central america from independence 1871 up to the 1960s using a dependency framework but not limited by it torres rivas describes the various divisions of central american society and their evolution within the liberal development model that has been so much a part of the

past century of central american economic history the book is compelling in its explanation of the relationship between foreign and native elements in the social development of the region torres rivas describes and analyzes the resulting long term problems this development has posed for central america with a new chapter added for the english edition history and society in central america remains vital for readers interested in the region

general chapters on central america 1821 1870 1870 1930 1930 to the present are followed by chapters on each of the five central american republics guatemala el salvador nicaragua honduras costa rica since 1930 excerpted from the cambridge history of latin america

in the indigenous peoples of mesoamerica and central america robert carmack focuses on k'iche' natives of guatemala masayan peoples of nicaragua and the native peoples of buenos aires and costa rica starting with christopher columbus proclaimed discovery of central america carmack illustrates the central american native peoples dramatic struggles for survival native languages and unique communities and states carmack draws on the fieldwork that he has conducted over the past fifty years to highlight the diversity of the central american peoples cultures and histories and to explain their significance relative to other native peoples of the world this book is recommended for scholars of anthropology latin american studies history and sociology

most non central americans think of the narrow neck between mexico and colombia in terms of dramatic past revolutions and lauded peace agreements or sensational problems of gang violence and natural disasters in this volume the contributors examine regional circumstances within frames of democratization and neoliberalism as they shape lived experiences of transition the authors anthropologists and social scientists from the united states europe and central america argue that the process of regions and nations

disappearing being erased from geopolitical notice is integral to upholding a new post cold war world order and that a new framework for examining political processes must be accessible socially collaborative and in dialogue with the lived processes of suffering and struggle engaged by people in central america and the world in the name of democracy

readers learn about the countries people economy geography and history of the countries in central america in this series full color

this book provides a historical background to recent central american social unrest repression and revolution to help readers engage in current arguments claims and debates in a critically and historically informed manner

in a work of unprecedented scope thomas d schoonover combines exhaustive multicountry archival research with a sophisticated theoretical framework grounded in world systems theory to elucidate the relations between the united states and central america in the late nineteenth and early twentieth centuries schoonover s archival research in central america europe and the united states encompasses public business organizational and individual records in analyzing this material schoonover applies a world systems theory approach with that of social imperialism and dependency theory to underscore the broad multistate dimension of international affairs in exploring the international history of central america schoonover describes the role of personalities such as john c frémont otto von bismarck theodore roosevelt manuel estrada cabrera and josé santos zelaya the impact of railroad building and canal projects and the role of pan americanism nationalism racism and anti americanism

central america is an extraordinarily beautiful part of the world with sweeping panoramic vistas of tropical vegetation towering mountains

and striking ethnic and racial diversity this tropical paradise has a history as diverse as its people and cultures starting with the maya in ancient mesoamerica the history of central america continues with european contact and the subsequent subjugation of the people of central america spaniards established and ruled their central american empire during the colonial period this led to the national period independence movements and the subsequent development of independent sovereign central american nations by the mid 20th century the economies governments and populations of the seven republics had evolved so distinctly that each has its own unique set of challenges to deal with today pearcy examines the development of each individual nation and the regional similarities that propelled or constrained that development ideal for students and general readers the history of central america is part of greenwood s histories of modern nations series with over 30 nations histories in print these books provide readers with a concise up to date history of countries throughout the world reference features include a biographical section highlighting famous figures in central american history a timeline of important historical events a glossary of terms and a bibliographical essay with suggestions for further reading
