i want to decrease the vertical space between the top of the page and the chapter heading i have tried to follow the instructions for titlesec but i am not successful i have tried the following two

setting the headers with fancyhdr usually requires changing the chaptermark and sectionmark commands you don t need the latter as you want only the chapter title in the header

50 i have a problem with the fancyhdr package i use the report document class and i have a chapter a lot of text and then a new page starting with a section or the next page has no chapter starting on
