this book contains 20 sets of mock mathcounts sprint round problems with the answer keys each test consists of 30 problems these problems can be used to train students to compete at the mathcounts state level as well as the national level solutions can be downloaded free [mymathcounts.com/forum/index.php/board/243/0](http://mymathcounts.com/forum/index.php/board/243/0)

available now whistleblower frances haugen s searing exposé of the internal workings of facebook revealing the company s struggles to regain control over its platform and to stop the spread of misinformation in the spring of 2021 when news outlets feasted on the facebook files frances haugen went public as the former employee who blew the whistle on the company by copying tens of thousands of documents she testified to congress and spoke to the media she was hailed at president biden s first state of the union address she made sure everyone understood exactly what the documents revealed facebook not only set its algorithm to reward extremism it knew that its customers were using the platform to foment violence to spread falsehoods to diminish the self esteem of young people and more but how was it that frances was the only employee at the company who dared to step forward the answer to

that question is an inspiring tale of one young woman's life and the choices she made from an isolated childhood in Iowa to an unaccredited college to one among the few women at Google in its heyday. Frances Haugen learned how to focus on what mattered and to ignore her critics to harness the strength of standing in the truth. The power of one is equally inspiring. The story of a woman who went against the grain again and again and changed the world and horrifying as the culture and practices of Facebook are brought into the bright light of day for the first time.

developing mathematically promising students

This book constitutes the refereed proceedings of the 11th Software Quality Days conference (SWQD 2019) held in Vienna, Austria, in January 2019. The Software Quality Days (SWQD) conference started in 2009 and has grown to the biggest conference on software quality in Europe with a strong community. The program of the SWQD conference is designed to encompass a stimulating mixture of practical presentations and new research topics in scientific presentations. The guiding conference topic of the SWQD 2019 is the complexity and challenges of software engineering and software quality in the cloud. The 5 full papers and 3 short papers presented in this volume were carefully reviewed and selected from 17 submissions. The volume also contains 2 invited talks. The contributions were organized in topical sections named: Multi-disciplinary systems and software engineering; software quality and process improvement; software testing; knowledge engineering and machine learning; source code analysis and software maintenance.

Get to the heart of essential PLC work when you implement the 15-day challenge for unit planning and design. This book offers a step-by-step process for collaborative teams that builds on the three big ideas and four critical questions of a PLC at work. In each chapter, you'll find practical actions for how to support all students in mastering essential learning standards. This book will help K-12 collaborative teams establish essential learning standards and design common assessments with easy-to-use templates. Utilize tier 2 intervention plans that address learning gaps year-round. Reflect with colleagues at each step of the process by assessing strengths and weaknesses in crucial PLC skills. Gain insights from educators seasoned in the 15-day unit structure with real-world elementary and secondary examples. Create a collaborative, cohesive PLC culture. Contents: Introduction; Chapter 1: Overview of the 15-day challenge.
