an annotated bibliography of the first 300 publications of the borgo press 1975 1998

jeff shaara has written vivid perceptive portraits of america s wars that have thrilled and mesmerized readers across generations collected for the first time in this ebook volume are jeff shaara s epic new york times bestselling novels of world war ii the rising tide the steel wave and no less than victory as the united states wades into the shifting tides of war shaara

details every move the tank battles along the mediterranean coast the audacious invasion at omaha beach the deadly final spasms of the third reich he brings to life such figures as eisenhower and patton as well as the courageous men on the front lines of battle on full display throughout is the inimitable style and striking narrative range that have made jeff shaara such an esteemed and essential chronicler of the american age contains an excerpt from jeff shaara s acclaimed new novel of world war ii in the pacific the final storm which booklist called extraordinarily evocative

americans rail against so called special interests but at the same time many members of society are themselves represented in one form or another by organized groups trying to affect the policymaking progress this concise but thorough text demonstrates that interest groups are involved in the political system at all levels of government federal state and local and in all aspects of political activity from election campaigns to agenda setting to lawmaking to policy implementation rather than an anomaly or distortion of the political system it is a normal and healthy function of a pluralist society and democratic governance nonetheless nownes warns of the dangers of unwatched interest group activity especially in the realms of the electoral process and issue advocacy interest groups in american politics second edition is grounded by the role of information in interest group activity a theme that runs through the entire book this much anticipated revision of nownes s text retains a student friendly tone and thoroughly updates the references to interest group research as well as adds a new chapter on the connections between interest groups and political parties numerous figures and tables throughout the book help students visualize important trends and information

considered the largest breakthrough in the treatment of parkinson s disease in the past 40 years deep brain stimulation dbs is a pioneering procedure of neurology and functional neurosurgery forging enormous change and growth within the field the first comprehensive text devoted to this surgical therapy deep brain stimulation for parkinson s

written for the introductory human biology course the seventh edition of chiras acclaimed text maintains the original organizational theme of homeostasis presented in previous editions to present the fundamental concepts of mammalian biology and human structure and function chiras discusses the scientific process in a thought provoking way that asks students to become deeper more critical thinkers the focus on health and homeostasis allows students to

learn key concepts while also assessing their own health needs an updated and enhanced ancillary package includes numerous student and instructor tools to help students get the most out of their course
