why does the sky look blue why does sugar taste sweet fully revised and updated this introductory full colour text provides comprehensive descriptions of the science behind vision hearing touch smell and taste the authors specialists in their respective domains strive to spread their enthusiasm for fundamental questions about the human senses and the impact that answers to those questions can have on medical and societal issues the book is appropriate for courses in sensation and perception taught in the psychology department and for courses in perception sensory systems and psychology of perception new to this edition the scientists at work feature looks at an important discovery and explains the process of experimentation and hypothesis testing questions to contemplate are a series of questions that appear at the beginning of each chapter that the student should be able to answer after reading the chapter

a stimulating overview of american journeys from the eighteenth century to the present

while the right stuff and the bonfire of the vanities remain perhaps his best known works tom wolfe s journalism and fiction continues to enjoy a large audience perhaps chiefly because of the variety of his subjects and his controversial approach to them here mceneaney offers an account of the man and his works explaining along the way wolfe s use of irony his obsessive themes and even his use of pranks more comprehensive in scope than any preceding book on wolfe it offers accurate and accessible commentary based upon what wolfe admits about his own work in this new book wolfe s work is put in journalistic and literary context the reliability of wolfe s journalism is discussed especially when there are alternative narrations to events he has depicted mceneaney also examines the wolfe s use of pranks that he plays on readers at times and uncovers the influences on wolfe that have contributed to his unique style finally the author discusses wolfe s impact on other writers readers will gain access into wolfe s world through this detailed and colorful work

it takes little or no effort for us to gather information by means of our senses but it would be a mistake to take this as a sign that perception is simple it was in the 20th century and after the establishment of psychology as a scientific discipline that the study of perception flourished this important volume gathers together a selection of articles and essays which represent some of the most interesting discoveries and theories it gives a flavour of the many different approaches and ideas taken by cognitive psychologists in this fascinating area topics covered include attention brain systems object interpolation and completion object recognition and classification different types of objects and information processing and models

sensation and perception sixth edition introduces students to their own senses emphasizing human sensory and perceptual experience and the basic neuroscientific underpinnings of that experience the authors specialists in their respective domains strive to spread their enthusiasm for fundamental questions about the human senses and the impact that answers to those questions can have on medical and societal issues this edition of sensation and perception offers an enhanced e book that includes learning objectives self assessment interactive figures and a robust hands on media package that is designed to engage students through demonstrations simulations and activities

this groundbreaking new source of international scope defines the essay as nonfictional prose texts of between one and 50 pages in length the more than 500 entries by 275 contributors include entries on nationalities various categories of essays such as generic such as sermons aphorisms individual major works notable writers and periodicals that created a market for essays and particularly famous or significant essays the preface details the historical development of the essay and the alphabetically arranged entries usually include biographical sketch nationality era selected writings list additional readings and anthologies

portable prose the novel and the everyday examines the novel as a privileged site for representing the everyday as well as a physical object that occupies public and private space this collection interrogates the relationships between these differing aspects of the novel s existence negotiating the boundaries between the material world subjective experience and strategies of representation this collection offers a wide array of innovative novelistic explorations with a focus ranging from nineteenth century fiction to contemporary literary theory and explores the portability of novels as both physical things and virtual hermeneutic devices while mimetic qualities of prose remain an integral consideration for literary interpretation this collection argues for more diverse frameworks ones that see aesthetic components of the novel in close connection with reading practices shared structures of feeling and the corporeal in this capacity this volume will argue for readings of texts that consider the capacity for literary culture to move through the world but also to make it or re make it new

enduring liberalism pursues two objectives one it explores the political thought of public intellectuals and the general public since the 1960s two it assesses contemporary and classic interpretations of american political thought in light of the study s findings book jacket

washington irving april 3 1783 november 28 1859 was an american author essayist biographer historian and diplomat of the early 19th century he is best known for his short stories rip van winkle 1819 and the legend of sleepy hollow 1820 both of which appear in his book the sketch book of geoffrey crayon gent his historical works include biographies of george washington oliver goldsmith and muhammad and several histories of 15th century spain dealing with subjects such as christopher columbus the moors and the alhambra irving served as the u s ambassador to spain from 1842 to 1846

the volume is based on an international colloquium held in vienna under the auspices of the austrian academy of sciences and the british academy it contains contributions by prominent experts on the culture literature popular music and history of the american south and its role as an arena for cultural interaction the more than 30 essays provide analyses of the long standing cultural exchange between this region and the old world from the 18th century to the present with the resulting cross fertilization in literature and in the cinema it also includes essays on the european experiences of prominent southern authors and their reception in europe and illustrates the fact that this region of the united states has been open to influences from elsewhere prone to hybridization but especially to the impact of the transatlantic exchange a field of research particularly appropriate in an era of an increasing internationalization of interdisciplinary southern studies
