no instance of communal violence has provoked as much controversy as the gujarat 2002 carnage in which over 1 000 people mostly muslims were killed and none has been subjected to as much fact finding yet as this book demonstrates the fact finding riddled with ambiguities and deceptions gaps and contradictions glossed over crucial pieces of evidence while the nanavati commission shirked from examining modi the special investigation team sit left unasked a range of questions on the anti muslim violence that followed the burning of a train in godhra carrying hindutva activists how could modi for instance claim to have been unaware for nearly five hours of the first post godhra massacre that took place at ahmedabad s gulberg society how does this claim square with his admission that he was tracking the violence as it unfolded scrupulously researched and now updated to factor in the national elections of 2014 the fiction of fact finding draws telling parallels between gujarat 2002 and the 1984 massacre of sikhs in delhi to underline an insidious pattern in indian democracy the subversion of the criminal justice system under a shroud of legal

platitudes

a riveting account of how a popularly elected leader has steered the world s largest democracy toward authoritarianism and intolerance over the past two decades thanks to narendra modi hindu nationalism has been coupled with a form of national populism that has ensured its success at the polls first in gujarat and then in india at large modi managed to seduce a substantial number of citizens by promising them development and polarizing the electorate along ethno religious lines both facets of this national populism found expression in a highly personalized political style as modi related directly to the voters through all kinds of channels of communication in order to saturate the public space drawing on original interviews conducted across india christophe jaffrelot shows how modi s government has moved india toward a new form of democracy an ethnic democracy that equates the majoritarian community with the nation and relegates muslims and christians to second class citizens who are harassed by vigilante groups he discusses how the promotion of hindu nationalism has resulted in attacks against secularists intellectuals universities and ngos jaffrelot explains how the political system of india has acquired authoritarian features for other reasons too eager to govern not only in new delhi but also in the states the government has centralized power at the expense of federalism and undermined institutions that were part of the checks and balances including india s supreme court modi s india is a sobering account of how a once vibrant democracy can go wrong when a government backed by popular consent suppresses dissent while growing increasingly intolerant of ethnic and religious minorities

unlike many other journalist from english medium nirendra dev makes an attempt for objective study of muslims mindset in the historic context of how hindus look at muslim the book not only proves one to think who sparked off ghodra but also tries to make in depth studies on whether muslims were responsible for it and thus asking or trouble
