weber demonstrates conclusively that despite historical critiques of quietism
european lutherans developed a social ethics in the centuries following the
reformation that brought about fundamental systemic and structural changes in social
services law education health care the formation of states and nations and public
morality those changes eventually led to the development of the welfare state in so
doing weber challenges interpretations by scholars such as the german lutheran
theologian ernst troeltsch who argued that lutheran theology created a church
operating at a remove from society's pressing questions weber's comprehensive
coverage of northern european society from the reformation era through the
nineteenth century utilizes the tools of sociology theology history and ethics to
demonstrate that lutheran ethical theory a lutheran understanding of the social order
and lutheran social reforms lie at the heart of modern european social institutions
grounded in a lutheran ethic of faith active in love for the neighbor lutheran ethics

transformed the household and polity developed government care for the poor protected public health and promoted social welfare within a new moral and legal order that continues to underpin contemporary social democracy across northern europe
