part of the longman library of primary sources in philosophy this first volume of
schopenhauer s the world as will and presentation is framed by a pedagogical
structure designed to make this important work of philosophy more accessible and
meaningful for undergraduates

through six articles written at intervals of about a decade between 1960 and 2020
the book provides an account of the author s developing political awareness during
the period in the context of political events and changes in this way the book

illustrates the social origins of political attitudes while at the same time the articles raise questions about the increasing dominance of political discourse in society the book suggests that politics is now excessively managed by political professionals and that the challenge for reviving democratic participation is to restore the social dimension of state membership
