people from various walks of life will accept the call to pastor a church without any idea about how to be a pastor the responsibilities of a pastor and what to do with the vision that god has given them for the church in his book the author who has served as a pastor for over 22 years provides a biblical perspective of what the pastor needs to know and the price that must be paid when accepting the call to lead god s people several critical areas of pastorship are addressed including the price of pastoring the price of pastoring those with whom we disagree the price of pastoring the brokenhearted the price of pastoring those who are stumbling blocks and hindrances to the forward moving of the ministry the privileges and rewards of pastoring what to do with the vision that god has given for the church and extending the vision to the community this is a timely and valuable resource and should be a part of every pastor s and pastoral student s library rev dr sinclair l thorne has served as the pastor of first calvary

missionary baptist church in hinesville georgia for over 22 years he is a graduate of itc theological seminary extension course morehouse school of religion and has a master of divinity and a doctorate of religion in pastoral care from the new life bible community school of ministry and bible institute of chapel hill north carolina he retired from the u s army as first sergeant of charlie company 24th support battalion in 1992 after returning from the gulf war he is the former president of the ministerial alliance of liberty county dean and assistant program coordinator for the tattnall baptist association and president of the first district of the georgia missionary baptist convention

which citizens have fought america s wars which ones should fight in the future and how should they be recruited should military or other national service be an obligation for every citizen david segal s probing look at the complex issues behind these questions tells us much about the changing manpower needs of our armed forces and about the evolution of civil military relations in the united states segal analyzes the mobilization contributions and limitations of drafted reservist and volunteer forces from the early days of the republic to the present in the process he shows how americans have come to separate the benefits of citizenship from service to their country symptomatic of this separation is the current reliance on an all volunteer military a system that treats military service more as an occupation and opportunity for self advancement than as a civic duty and obligation drawing on a vast interdisciplinary literature in american history sociology political science and economics segal illuminates the ways demographics weapons technology international relations scientific management and social policies have all affected the composition of america s armed forces he also shows how the military anticipated and expanded the american welfare system and played a pivotal role in creating better opportunities for minorities and women the capabilities and performance of u s armed forces in future conflicts will depend on a thorough understanding of and informed response to the crucial manpower issues segal discusses his thoughtful study should be required reading for military professionals and policymakers and will be of interest to anyone concerned about the future of this country s armed forces

charles walcott and karen hult maintain that the organization of the white house influences presidential performance much more than commonly thought and that organization theory is an essential tool for understanding that influence their book offers the first systematic application of organizational governance theory to the structures and operations of the white house office using organizational theory to analyze what at times has been a rather ad hoc and disorganized office might seem quixotic after all the white house office exists within a turbulent political environment that encourages expedient decision making and every four to eight years it must be reinvented by presidents who have their own theories and preferences about how to organize a staff to serve their policy needs but walcott and hult argue that white house staffs are not simply puppets of presidential preference and style yes staff structures evolve primarily from presidents strategic responses to external demands but those structures in turn significantly influence how the executive branch perceives and responds to further demands the first part of their book lays out the theoretical argument the second examines white house outreach congressional liaison press relations personnel selection executive branch oversight and interest group and intergovernmental liaison the third focuses on white house handling of policy development and implementation the fourth analyzes staff

structures that facilitate the operation of the presidency itself presidential writing and scheduling staff management and cabinet coordination the book concludes by identifying general patterns in the emergency nature and stability of governance structures in the white house original and instructive governing the white house provides a much needed primer on the inner workings of the white house staff and will be an essential volume for anyone studying the presidency
