an eye opening and vital account of the future of our earth and our civilisation if current rates of global warming persist by the highly acclaimed author of high tide

the sacramental and prophetic traditions of christian spirituality suggests matthew eggemeier possess critical resources for responding to the contemporary social crises of widespread ecological degradation and the innocent suffering of the crucified poor in a sacramental prophetic vision eggemeier maintains that the vital key for cultivating these traditions in the present is to situate these spiritualities in the context of spiritual exercises or ascetical practices that enable christians to live more deeply in the presence of god coram deo and in turn to make this presence visible in a suffering world

mark lynas delivers an alarming account of the future of our earth and our civilisation if current rates of global warming persist we are living in a climate emergency but how much worse could it get

the essential resource for middle and high school english language arts teachers to help their students understand and address the urgent issues and challenges facing life on earth today this text features classroom activities written and used by teachers and a website climatechangeela.pbworks.com with additional information and links all royalties from the

sale of this book are donated to alliance for climate education acespace.org

we are currently confronted with many challenges poverty migration environmental issues etc we can identify at least three alternative scenarios of future development sustainable development sustainable retreat and or collapse during history many civilizations went through periods of rise and fall but collapse was usually followed by regeneration and transformation we need to explore our possibilities how to behave in an era of crisis and try to identify in advance contours of regeneration and transformation of our society into new quality new stage of development it would be naive to believe that the 21st century is going to be a terrific era of us all entering a consumer paradise it would however be equally dangerous to become paralysed with fear
